RAPTORS Hockey Club

Philosophy:

In just 3 seasons, Raptors Hockey Club has quickly emerged as the **“Organization of Culture”** for youth hockey in Raleigh, NC.

Raptors HC provides an environment that will encourage our Coaches and Team Managers to act with autonomy to nurture and develop guidelines that will cater to the needs of the specific players and families on their team.

Raptors HC will work with Player Development and Player Advancement as our primary goal and guiding principle. Families of the hockey community will continue to look to us to provide a positive, structured, supportive, competitive, safe, and fun environment for their kids – and we will do everything to accept, respect, flourish and deliver under these responsibilities that we take seriously.

Raptors HC will continue to prioritize providing hockey families with more ice time, more programming, and more accountability for lower registration fees than the other local hockey groups.

During the team's first 3 seasons, the Raptors created and delivered a huge care package for U.S. Troops stationed overseas, filled Xmas Stockings for both a senior citizens home and kids that were impacted by Hurricane Florence, and organized a food drive. COVID-19

No one can accurately plan for the current state of the world and the impact COVID-19 has had on our lives. The changes that have taken place and the uncertainty of when things might return to normal are unprecedented.

The Raptors Hockey Club feels very fortunate that our Peewee 09's were able to practice, play games and even go to tournaments this past season. As we build-out and implement our team's programs for 21-22, our number one priority will once again be the safety and well-being of our players, families and coaches.

With that said, we feel confident that we are on the way back to what used to resemble our "normal". We also believe that COVID-19 will still have a presence in our 21-22 season, so **FLEXIBILITY** will still be a big part of our approach. We will be flexible with our programming to allow our teams to safely practice and train. We will be flexible with our facility hours to give smaller groups of players an opportunity to complete sessions. We will be flexible with our plans to reflect what we *can do*, and **NOT** what we *think is possible*.

As a testament to our team's commitment to "Safety First" - The Peewee 09 AA RAPTORS did not have a player, parent, or sibling test positive for COVID-19 during the 2020-21 hockey season.
